

Egg-cellent Easter DIY!

Craft Materials:

- Napkins
- Plastic Eggs
- Clear Cups
- Tinsel

We have
everything
you need to make
this adorable
Bunny Craft
for your Easter
celebration!

Bunny Ears How-To

• **Step 1:** Unfold white beverage napkin & pink beverage napkin completely then center the pink napkin on top of the white one. (If you prefer bigger ears, use a white luncheon napkin and a pink beverage napkin)

• **Step 2:** Take two corners that are diagonal from each other and roll/fold inwards until they meet each other in the center.

• **Step 3:** Tie a string around the center tightly to hold it together.

• **Step 4:** Holding cinched center, bend the napkin in half.

• **Step 5:** Place the ears in the cup behind the egg (or, depending on egg size/ear size, under the egg) and into the clear cup half-filled with tinsel. NOTE: Tape can be used on the ears to ensure they stay in place.

Your Celebration Inspiration

Whatever holiday or event you're celebrating, we can help you make it great.
